

Saturday Morning Quantum*

Cost: Free

SMQ* in Chicago is connecting Chicago high school students with Fermilab science and inspiring the next generation to join the field of high energy physics, specifically quantum physics and engineering. This 10-class series is led by experts highlighting special topics and Fermilab career opportunities.

Spring session

- Lectures are Saturdays, starting February 7th through April 25th. No sessions on March 28th and April 4th.
- Lectures start promptly at 1pm.
- Classes are held at Olive Harvey Learning Center, 3055 East 92nd Street, Chicago IL 60617.
